

NRGkick

The NRGkick is an innovative portable electric car charger with a multitude of advanced functions and many variants of equipment. Thanks to interchangeable adapters and plugs, it can charge the electric car in almost any place with access to electricity.

REPLACEABLE SMART ATTACHMENTS

With NRGkick you can charge your electric car anywhere where there is electricity.

TRANSPORTABLE & COMPACT

NRGkick can be easily taken along when needed.

MOBILE APP

Track, manage, and optimize EV charger anywhere and anytime.

FAST CHARGING

NRGkick offers you maximum charging power at any socket. Max. power 22kW.

RELIABLE & ROBUST

NRGkick is safe to drive over, absolutely robust and IP67 waterproof.

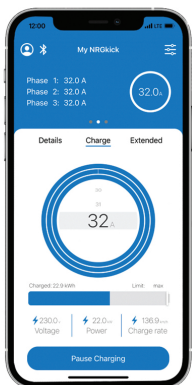

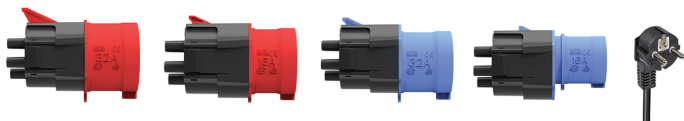

EXTREMELY SAFE

Safety at NRGkick is divided into three areas:
 + safety for the power grid;
 + safety for the charging process;
 + safety for the operator.

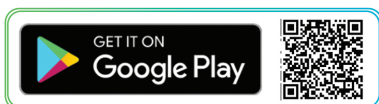

SMART ATTACHMENTS

The smart attachments enable charging at any standard socket and at public charging stations.

MOBILE APP NRGKick

The NRGkick charger has a dedicated mobile application that allows to manage the parameters and charging time of the vehicle. NRGkick app also collects reports on performed operations.

TECHNICAL DATA	NRGkick
Voltage	230V/400V
Output current	Adjustable: 1-phase/ 3-phase / 8-32A
Output power	Adjustable: 3kW/ 3,7kW/ 7.4kW/ 11kW/ 22kW
Frequency	50Hz
Residual current protection	30mA(AC), 6mA(DC)
Charging outlet	5m/ 7.5m/10m charging cable + plug type-2
User interface	LED light indicators + touchpanel
Certificates	CE, TUV, OVE, RoHS, RED, DVE
Safety standard	IP67, IK10
Multiple protection	over/under voltage protection, surge protection, overheat protection, overcurrent protection, leakage protection, short circuit protection, temperature control, theft protection
Working temperature	-40°C ~ +75°C
Communication	Mobile App NRGkick, WiFi, Bluetooth, [GSM-optional]
Main unit dimensions	216*90*64mm
Weight	+/- 5kg (depends on equipment)
